I also hold the following positions:

President of the Pacific Propane Gas Association, covering Oregon, Washington, Alaska, and Hawaii.  
Board of Trustees Member of LBCC Foundation

As an active member of our community, I have work with many organizations within our communities to make Linn and Benton Counties a better place to live. I was one of the first advocates to support the new Advanced Transportation Technology Center of LBCC in Lebanon. I am also a proud father of an LBCC alumni that went onto Oregon State University to obtain his Masters Degree. LBCC was an important part of helping my son become a very successful individual and I hope to do my part to help other LBCC students graduate and gain full-time employment in the fields in which they study. I have hired three LBCC graduates for positions within CoEnergy Propane.

Linn Benton Community College is a huge part of the success and growth within both Linn and Benton counties. As a member of the Board of Education, I would like to continue to do my part to help LBCC be a success of helping student achieve their goals and become a gainfully employed member of our communities in the fields in which they studied.

Respectfully,

Randy Camp
