

Greg Hamann

Goals for 2017-18

1. Focus efforts and make progress on the Benton Center Project, developing facilities that better meet the needs of the Greater Corvallis area
2. Develop a fully integrated and easily understood strategic plan for Board review and approval, providing a clearer picture of where we are headed, and why
3. Develop and implement more comprehensive student affordability plans, working to reduce the economic barriers to access and success for all our students, and should be students
4. Continue to develop and implement plans to make LBCC a more equitable and inclusive community
5. Fully develop the CTE/Healthcare program opportunities afforded us with new, upgraded and expanded CTE/Healthcare facilities
