HOMEWORK: Exercises and problems at the end of each chapter will be assigned as homework. All homework assignments will be completed via Pearson's MyAccountingLab. The MyAccountingLab website provides students with built in templates, tutorials, opportunities for practice, and assessment via online quizzes. **Ideally, your homework should be completed before the start of each respective class that it is scheduled to be reviewed in. The deadline for Homework completion is by the end of class on respective due dates set in MyAccountingLab to receive credit. Late homework will not be accepted for credit.**

QUIZZES AND EXAMS: There is a required quiz following each chapter's homework. There will be 4 exams. If you find that you will have to miss an exam, please make arrangements AHEAD OF TIME to make up the exam. **If a student misses an exam and has not made prior arrangements to make it up, the exam grade will be reduced 20% (late penalty).** Exams must be made up **within one week** of the test date. After that, the student will forfeit the exam. Exceptions may be made for emergency situations.

WORKING AHEAD & TAKING EXAMS EARLY:

Your success in accounting is greatly dependent upon your sustained level of motivation. Throughout the course, you will be able to complete assignments and take your exams earlier than the scheduled times shown above. Therefore, it would be wise to interpret the class schedule & assignments as the absolute slowest acceptable progression. Many of my prior students have completed their course work several weeks in advance!
