

Last
Chance
To Be

Buried Alive

Dig me up in year 2018 or in year 2068

The time has come to gather all the items that you wish to have buried for posterity in the twenty-five and seventy-five year time capsules. At 11:30 am, Wed, May 19, Jon will officially dedicate these capsules and bury them in the NW corner of the courtyard.

Many items have already been submitted, but there's room for lots more. Imagine what you would send forward to the future; how would you want these times and LBCC to be remembered?

Bring your items to Roger Gaither at Community Relations, CC105, not later than 3:00 pm on Monday May 17. Call x268 with questions on specifics.

Come on; get yourself buried and live to tell the tale.
