THINGS & STUFF!!!

NEWS FROM THE INFIRMARY!!

What's cooking this week in the hallowed halls at LBCC seems to be bacteria! In case you haven't noticed, the armour of a face mask and spray can of disinfectant (for use when using another's telephone!) can be highly recommended if you expect to remain among the healthy.....so many are "out" with colds and the flu, it gets downright lonesome!

Hurry back, Mr. Barns, Margaret, Mr. Farnell, Nadine, Doris, Dixie, Ed, Gwen, Virginia, Yvonne, Carol, Phil, Kathy, Mr. Talbott and with any luck, Mr. Adams! (Word has it that Dean Archibald started it all when he got sick last week! Thanks, Dean.)

VOLUNTEER. IT'S A GREAT WAY TO DO YOUR THING!

And, the thing to do is help put up lawn signs for LBCC's bond election! Just happen to need a few more stout-hearted fellows to hold up our end of the campaign activities. Dr. Schafer says the line forms to the left.

ABOUT THE BOND ELECTION..... things are well under way, and one of the people putting pep into the promotion is Julie Tripp. She'll probably be contacting you for news, info and ideas. Julie's job is the journalistic end of the campaign, and she's working closely with Larry McKennon, Dr. Schafer, and our co-chairmen, plus the news media and public relations department... to inform the voters about LBCC.

Julie is the sparkling blonde with pen in hand....say "hi" next time you see her!

Thanks to Mr. Jordan and the automotive bunch, the lawn signs are well under way. Thanks to the Corvallis Chamber of Commerce and Rod Commons, the campaign brochures are on their way. Ryan Advertising has our window posters perking....and Larry McKennon keeps us all coordinated.

Telephone volunteers for election day are still vital!
