June 8, 1970

Editor, Peggy Toftdahl

AN EVENT YOU WON'T WANT TO MISS....LBCC'S GRADUATION, JUNE 12!

In addition to the opportunity to hear Dr. Earl Klapstein, President of Mt. Hood Community College, address the graduating class of 1970, you'll be entertained during the program and following reception by "one of the Northwest's outstanding stage bands" also from Mt. Hood Community College!

The LBCC Dames are sponsoring the Graduation Reception, and make an especially appreciated contribution to an event that promises to be unforgettable.

Festivities begin at 8:30 p.m. at Albany High School.

INSTRUCTORS....please remind your students that summer school registration begins June 17th.

And, books needed for summer session and for fall quarter must be ordered now to insure delivery.

TOURNEY RESULTS!

The finest golf ever played....right fellas? Well, at least one of the most fascinating tournaments ever followed came to a climax yesterday with Dick McClain putting into first place, Jay Brooks stroking into second, and Bill Meier walking off with third. And, how about that trophy carried off by Vern Farnell! THE MOST! He was awarded the remains of his putting ball and voted THE MOST of everything. Drop by the Business Office and congratulate him!

SUNNY YELLOW ARRIVES

If you see the Data Processing folks walking around on clouds...it's just because they're so pleased about the arrival of the sunniest equipment you've ever seen. By the middle of summer, reports Judi Garrison, this equipment should be handling "our payroll, accounts payable, budget reports, registration....and someday library info, too!"

STEVE IS PART OF THE PROGRAM....Steve Shelton, Jr. is the new Data Processing Programmer, and you'll recognize him as also one of our instructors. (He's teaching the Computer Programming I course this Spring term.)

JUDY GREEN is the new Apprenticeship Coordinator you'll soon be seeing "around campus". While your editor is off for the summer, Judy will keep things a bit neater at that desk!

JANET QUAKENBUSH HAS JUST BECOME A GRANDMA! Her first grandchild, Tracy Lynn, arrived last Thursday, and she's "the prettiest thing that ever was"! Congratulations, Granny!

SOFTBALL GAME, TONIGHT....weather permitting. The classified staff will be going to bat about 6:30 at Grand Prairie School. Have a ball!

FOUND: Sunglasses & transistor radio knob after picnic. Claim at Ext. 55.

WHAT'S UP DURING THE LONG HOT SUMMER?

Here are a few of the people and places that will be happening

MARIBEL MONTGOMERY has just purchased a Rambler....and she'll be rambling! Free and Easy... camping out, visiting parents in California, and seeing some of the country.

ANNIE FARRINGTON and family plan a California excursion to Disneyland, etc., then, while the children spend a week at church camp, Mr. & Mrs. will have a week at Glacier National Park where

GALEN NIELSEN is spending the summer skippering an excursion boat!

JAY BROOKS plans to see both "sides of the desk". He'll be teaching summer term and attending a special Institute at OSU along with LEE ARCHIBALD AND RAY MILLER studying Community College problems.

You'll probably find MR. MINNICK in his huge garden when he's not in the classroom...that's what you call a "hoe in fun".

JUDY KRABLE will be married in August.....congratulations!

BOB TALBOTT will be "manning the fort" at the Counseling Center...and BLAIR OSTERLUND will be teaching a Social Science course, too. JANET BREM's plans include a summer workshop at the of O, and there's summer school in LEE ARCHIBALD's plans too.

ERICKA ORCHARD and her husband, Jack, have an invitation to babysit a summer home for a month in California. Fringe benefits include a dog, 3 cats and a swimming pool.

JOE LEGER will soon be in Portland attending a TV Workshop at Marylhurst College.

LOUISE THOMAS is on vacation this week picking strawberries with her children. (There may be some relaxing around their pool in the plans, too!)

The end of this week will find PHIL CLARK in California, and MARGARET PHELAN plans to leave June 19th for a camping trip in the Wallowa's. (with husband!)

You can bet that SKI's plans include a bit of fishing....the lure of the wild.

LYNN BOYD has two horses to train.....and you'll find YVONNE LEE relaxing at home and landscaping their back yard.

ED DRAPER has been on vacation already....and still is, when he can find time! He has a bit of a problem "getting away from it all":

BOB ADAMS is also having trouble finding time to work on his dissertation and keeping the instructional wheels at LBCC turning effectively. (It's often difficult to find the time to vacation!)

Your editor's summer will still find her behind a typewriter, as the copywriter for Ben H. Smith Advertising right here in Albany. See you all next Fall!

DIXIE WOODS hopes to spend a week of her summer vacation moving to Albany. All she needs is a house and a good babysitter.....have any leads?
