## TURNING IN ASSIGNMENTS:

Each assignment will be handed in (by the end of class) two class days after it is covered in class, to have a chance of receiving full credit (5 points). If an assignment is handed in one day late you can receive at most 4 points for the assignment. If an assignment is handed in more than one day late you will receive no points. The assignments that are handed in on time will be graded in the following way: I will check some of the questions in each section (assignment). If they are all correct, you will receive 5 points; surprisingly the more you get wrong, the fewer points you will earn, but you will receive 1 point for just handing it in on time.

## EXAMS:

Exams will be taken in class on the following days:

Exam I: (Sections 1.1 – 3.1) Wednesday, October 23  
Exam II: (Sections 3.2 – 4.4) Wednesday, November 13  
Final Exam: “Comprehensive” Monday, December 9 (8:00 – 9:50 AM)

All exams are closed book. On some exams, a formula sheet may be used.

HELP: If you have any questions, please ask. I will help you whenever I can. You will find me in my office (WOH 102) during my office hours or any other time you can catch me. There are instructional assistants in the Learning Resource Center (above the library) that can help you when you are having difficulties. When you use the Learning Resource Center, be sure to sign in and out on the computer.

The [Math Cafe](#) is a place to get assistance and gain study tools and tips for Math 15, 50, 75, 95, 98, 105 and 111. You do not need an appointment to visit the Math Cafe, so feel free to come by any time Monday through Friday, between 8am - 5pm. It's a casual environment with comfortable seating, free hot beverages, laptops for student use in the Math Cafe and friendly staff to help.

Additionally, we offer success coaching by appointment. Some examples of what we would talk about are:

- study strategies (notetaking, learning with online homework, time management schedule, etc.)
- make a catch-up plan, to get up to date on assignments
- prepare for an exam
- better understand and navigate online homework

## HOW TO GET POINTS:

Assignments (best 20)	100 points
Exam I	100 points
Exam II	100 points
Final Exam	<u>150 points</u>
TOTAL	450 points

## GRADING:

A	405 – 450 points	D	270 – 314 points
B	360 – 404 points	F	0 – 269 points
C	315 – 359 points		

An incomplete grade (IN) may be assigned to a student who misses exactly one of the exams, but a contract for completion of the course needs to be signed by the student before the incomplete grade will be assigned.

**Special Circumstances:** Students who may need accommodations due to documented disabilities, who have medical information which the instructor should know, or who need special arrangements in an emergency should speak with their instructor during the first week of class. If you believe you may need accommodations but are not yet registered with the Center for Accessibility Resources (CFAR), please visit the [CFAR Website](#) for steps on how to apply for services or call [\(541\) 917-4789](#).

**Academic Dishonesty:** If there are any incidents of cheating, an incident report will be sent to the Director of Admissions, and it will have severe consequences for the student.

**LBCC Comprehensive Statement of Nondiscrimination:**

LBCC prohibits unlawful discrimination based on race, color, religion, ethnicity, use of native language, national origin, sex, sexual orientation, gender, gender identity, marital status, disability, veteran status, age, or any other status protected under applicable federal, state, or local laws. For further information see Board Policy P1015 in our [Board Policies and Administrative Rules](#), Title II, IX, & Section 504: Scott Rolen, CC-108, [541-917-4425](#); Lynne Cox, T-107B, [541-917-4806](#), LBCC, Albany, Oregon. To report: [linnbenton-advocate.symplicity.com/public\\_report](#).

**Cultural Richness:** To promote academic excellence and learning environments that encourage multiple perspectives and the free exchange of ideas, all courses at LBCC will provide students the opportunity to interact with values, opinions, and/or beliefs different than their own in safe, positive and nurturing learning environments. LBCC is committed to nurturing the development of culturally literate individuals capable of interacting, collaborating and problem-solving in an ever-changing community and diverse workforce.

**Basic Needs Statement:**

Any student who has difficulty affording groceries or accessing sufficient food to eat every day, or who lacks a safe and stable place to live, and believes this may affect their performance in the course, is urged to contact the Roadrunner Resource Center for support ([resources@linnbenton.edu](mailto:resources@linnbenton.edu)), or visit us on the web [www.linnbenton.edu/RRC](http://www.linnbenton.edu/RRC) under Student Support for Current Students). Our office can help students get connected to resources to help. Furthermore, please notify the professor if you are comfortable in doing so. This will enable them to provide any resources that they may possess.

**Outcomes: Upon completion of this course, the student will be able to:**

1. Interpret graphical information, such as identifying types of functions, translations, inverses, intercepts, and asymptotes.
2. Solve a variety of symbolic equations and inequalities, such as rational, absolute value, exponential, radical, logarithmic, and linear systems.
3. Construct appropriate models for real world problems, such as fitting an algebraic function model to a set of data, or a system of linear equations.
