

THURSDAY, JUNE 6th, 1974

TOMORROW NIGHT IS GRADUATION - approximately 269 students receive degrees - about 96 ordered caps and gowns to be in the ceremony.

UNBELIEVABLE - the number of spoon fed people on campus - at least, Doug says the number of spoons missing in their preliminary count is just phenomenal -AND please check your lunch corner.

MUCH HAPPINESS TO  
PAULETTE ESHBAUGH -  
JUNE 22nd SHE MARRIES  
JIM HERROLD -

BON VOYAGE TO  
THE TRAVELLERS

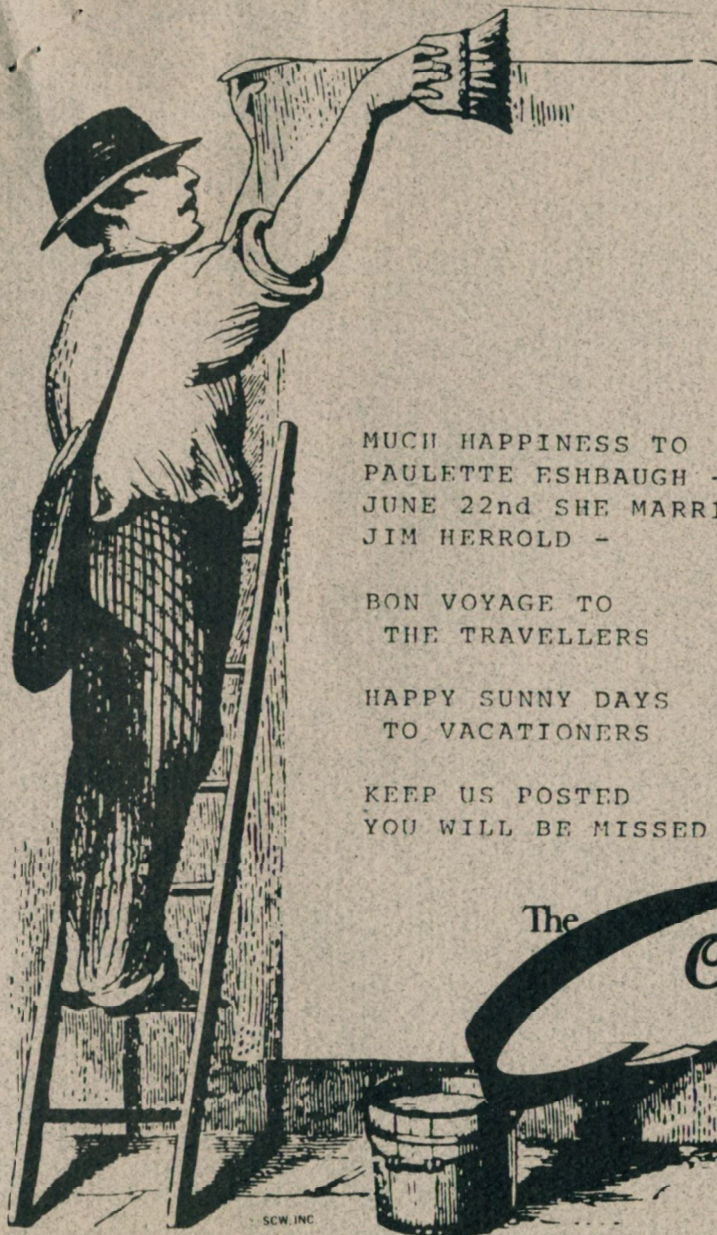

HAPPY SUNNY DAYS  
TO VACATIONERS

KEEP US POSTED  
YOU WILL BE MISSED

FOOD SERVICES CLOSED NEXT WEEK -

WEDNESDAY, 12th, AFTERNOON - HOLIDAY -

XTRA CORVALLIS & ALBANY TELEPHONE DIRECTORIES AT SWITCHBOARD-SEE CAROL

## The COMMUNICATOR

Too late to classify - too early to ignore - FREE Manx kitten - Call Dwain Wright, 341.

UNSCHEDULED HOLIDAY - MAY 12th . . .

Wednesday afternoon the campus will be closed to permit the hook-up of electrical facilities in the area being completed.

MOVES READY . . .

Next week will be move-in week for wastewater tech and the child care staffs. Industrial Building A will house them. The last of the modular buildings, sold to Chemeketa, leaves July 1st for its new location - and thus ends an era.

GAYLE GREEN . . . HOSPITALIZED

Gayle underwent surgery last weekend and is still hospitalized with expectations of "getting out" this weekend. She was scheduled for vacation this week which did not make her welcome the situation any more. Her recovery is going well, but she will be taking it quite easy for some time.

HEAD GROUNDSKEEPER EMPLOYED . . .

Lawrence Lindsay is our head groundskeeper, employed the first of June. He has had many years of work as an overseer of cemetery grounds and as a grass seed grower on a small scale. Larry will have his hands full -

WINNERS ? . . .

Tom Chase, Doug Hurst, Kirk Berger, Jerry Morgan - staff members on the slow pitch softball team - lost their first game 10-12 against Duraflake.

TROUBLE FOR JON CARNAHAN . . .

A reliable source tells me that Jon faced his office staff of women this morning with, "Someone is needed to iron the caps and gowns for graduation. Since it is traditionally a woman's job . . ." He is still on his feet walking around - due to the traditional kindness and gentleness of the womanly nature. (I'll iron them Jon if you will just do one Communicator for me!)

DAN IN GRAPHICS . . .

For three years Dan has been patience and willingness in Graphics - but now he is leaving. He isn't going anywhere in particular (McDonalds for a hamburger for sure). Funds have just run out to continue Dan's position. Dan leaves with a number of McDonald's gift certificates - our best wishes and our sadness to see him go.

TOBEY SCUPTURE . . .

Gene begins work shortly on a 5 ft. by 5 ft. screen of oak, commissioned by a new hospital in Cody, Wyo., from a number of designs, for an altar in their chapel. Sometime during the summer we hope Tobey will have the finished piece on display for a couple of days in the lobby where we can all have a view of it before it leaves for its installation.

POLLY'S LEAVING . . .

Polly Adams resignation has been regretfully accepted as of the end of this month. Polly is going to work in Corvallis for an attorney for part of the summer, then hopes to find a legal secretary position in Corvallis.

MARGARET ORSI . . . down a level

is moving from the College Center where she has been "forever" into Judy Burkholder's former position as secretary to the Dean of Students, Lee Archibald. (To give Margaret a bad time we've been teasing her with the idea that she is coming "down a level" - or "when does it get impossible to climb the stairs any longer.")

LOST OR STOLEN . . .

A special order of colored plastic tabs for pendaflex folders (6 pkgs) lost its way enroute. If they are in your mail box by error, or outgoing basket, please forward them post haste to Purchasing. If you thought a gift had arrived for your files and have installed them and now have a beautiful filing system please call and report same to Polly.

TRANSOCEAN TRAVELERS . . .

A number of staff and faculty plan overseas trips this summer - some already have reservations, some are planning. Rosemary Bennett and her husband, Don Minnick and wife, Dorothy; Shirley Call and Chung Li Ramsdell; Jackie Paulsen and her husband; Hal and Nancy Johnson contemplating Germany.

FOR SALE - SPECIAL MEAT PACK . . .

Beef ribs for barbecue - 59 cents per pound, 15# packages. Call Laura, 415.

VACATIONERS . . .

Pete Scott is off for a month, July, and plans a southwestern trip, Calif., Ariz, etc; Dave Bakely is taking a trip to Iowa; Kirk and Char will be driving to Colorado for 2 weeks in July; Arlene Crossman (vacationing?) is doing some special teaching in gymnastics at college level and will be at PSU; College of Idaho; Pacific University and Univ. of Alaska; Annie Farrington, who has always been away for the full summer months changes her schedule this year - she will be away just the month of July; three nursing instructors, Della Wood, Peggy Preston, Virginia McCraw are all taking nurses studies; Jim Brick will be off to the coast to paint as usual.

And that's about all I can pick up from the telephone at this moment - some secretarial stations being absent at the moment or busy.

FROM THE KITCHEN . . . FOOD SERVICES CLOSED NEXT WEEK

Doug Hurst especially requests that we return all food service ware to that area this week for inventory.

Please prepare to pack your lunch next week - food service will be closed. It is not certain that the machines will be filled with sandwiches so do not plan on that. The area will have special space kept open for you to eat in, though floor waxing, etc. will be going on.

SECRETARIAL POSITION OPEN . . .

Secretary to Purchasing Agent, 3-4, \$404-535, open June 24th.

IDLENESS . . .

produces some fascinating occupations (Yeah) - but Kirk's is the craziest I've heard in awhile.

He analyzes the route slips on mail envelopes - he ponders weightily the irregular movement of the envelopes, etc. One reads from Pete Scott to Sandee Ray, but then from Ray Jean to Polly Adams, then from Polly to Colleen Beall. How did that envelope get from Sandee's desk over to Ray's which is even a different building?

BILL JORDAN . . . busy as always . . .

has just received two certificates recognizing his work on the Human Resources Committee and Council from the Chamber of Commerce in Corvallis. Too bad (?) Bill has his office walls covered with Brick paintings. He could cover them with certificates . . . and that's true . . he could.

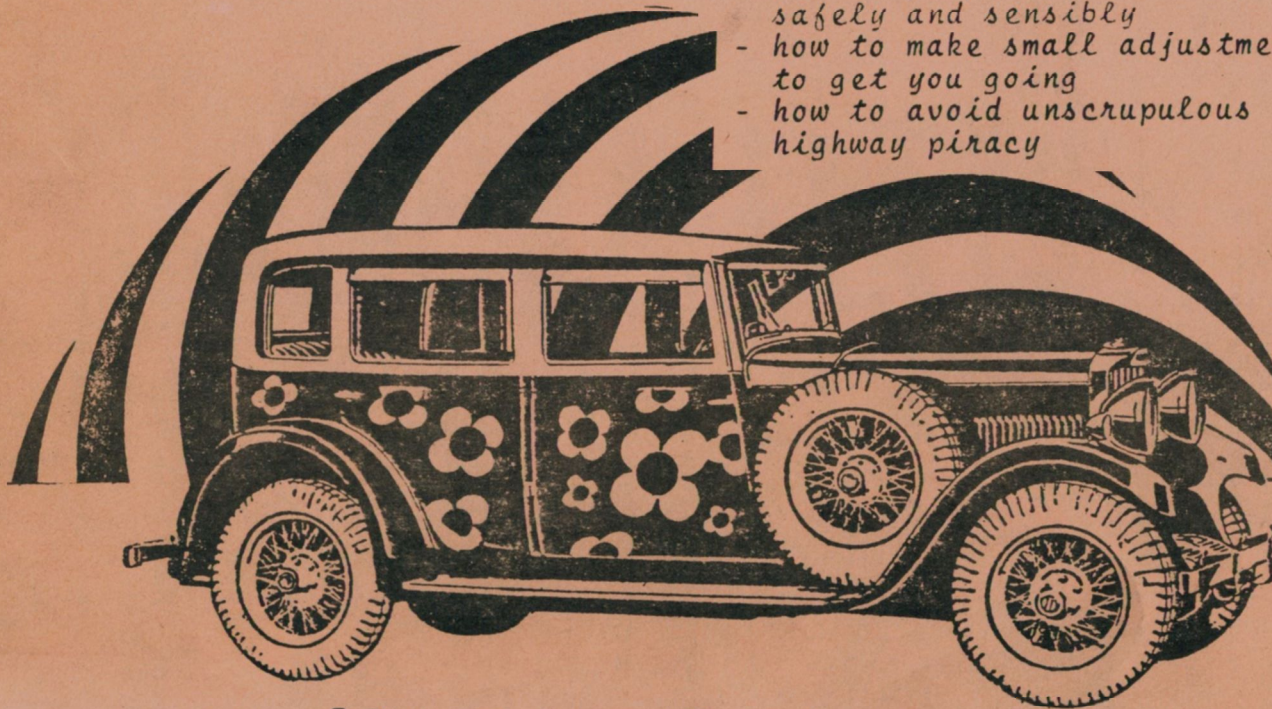

# Woman and her auto

June 11th

SPEND AN EVENING WITH JACK TRUMBO -

JACK TELLS WOMEN :

- how to say "NO" to unnecessary auto repairs and purchases
- how to prepare for an auto trip safely and sensibly
- how to make small adjustments to get you going
- how to avoid unscrupulous highway piracy

FREE

About Jack (the instructor):  
Jack Trumbo has the Campus Shell Service Station on Monroe Avenue. He has for several years taught a FREE class through LBCC for women, "Know Your Auto"

Corvallis High School Auditorium  
7- 10 p.m.  
Sponsored by LBCC as a Consumers' Service.

**Linn-Benton Community College**
