## **Course Requirements**

Your final grade in this class will be determined by your performance on the following:

**Canvas Quizzes:** There will be 6 canvas quizzes over the course of the term (2 for each main section). They will be worth 25% of your total grade. The canvas quizzes will consist of 30 multiple-choice questions and you will be allowed 30 minutes to take the quiz. To allow for instances in which you are unable to take the quiz, I will only include your 5 highest scores in the determination of your final grade. If you take all 6 canvas quizzes, you will be allowed to drop your lowest quiz score. **Quizzes will be taken on-line at the Canvas site for this course.** You will usually have 2-3 days to take each quiz (please see the Course Outline for deadlines on all assignments, quizzes and tests). If something happens to your connection or computer during the quiz, please notify me **immediately** via e-mail and I will reset the quiz (as soon as I can) and you may start over. You will receive your score on the quiz immediately after you submit it. Feedback on wrong answers will not be made available until after the deadline of the quiz has passed.

**Exams:** There will be 3 regular exams worth over the course of the term, one for each main section of the course. Each exam will be **comprehensive** on the information we have covered to the date of each exam (see course outline for details) and they will consist of multiple-choice, matching, identification, short-answer and essay questions. In addition, each exam will vary according to weight: Exam 1 will be worth 10%, Exam 2 will be worth 15% and Exam 3 will be worth 20% towards your final grade (this means that the 3 exams are worth 45% of your total grade). The exams will be split into two portions. Part I of each exam will consist of short answer/essay questions that you will collaborate with your group on and submit together online at the Canvas site for this course (groups will be assigned the 1st week of class). Part II of each exam will be taken individually at the Canvas site. To allow for instances in which you are unable to take a regular exam during the allotted time, the final exam will be used as a makeup exam (see below). Time will vary depending on the length of the exam.

**Final Exam:** There will be one optional **comprehensive makeup** final exam following the same format as the regular exams and given during the final week of this course (see the Course Outline document in Canvas for exact deadlines on all assignments, quizzes and tests). If you choose to take the final exam, you will do so ON CANVAS during finals week. If you miss a regular exam due to illness or unforeseen circumstance, the final exam will replace the missing score. If you have taken all the regular exams, the final exam can be used to replace a low exam score OR you can opt out of the final exam if you have taken all three regular exams and are happy with your grade.

**Research Consumer Paper:** You will have one paper worth 15% of your grade due this term. The purpose of this assignment is to help you learn to evaluate and communicate about research and to be a good consumer of research. Details of the paper are available on the Canvas site and it must be uploaded to Turn-it-in by 11:55 p.m. on the date indicated on the course outline (see Canvas for directions on uploading to Turn-it-in). To allow for unforeseen circumstances, you can turn in this paper up to 14 days late for 90% of the total points available.

Reading Activities: We will also be conducting 9 online activities worth 8% of your final grade over the course of the term. Activities will be done online at the LaunchPad website for your textbook. You will need the access code that came with your textbook to gain access to this site. To allow for unforeseen circumstances in which you were unable to complete an activity by the deadline, only 7 of the 9 activities count toward the determination of your final grade.

Participation Activities: In addition to reading activities, I will be giving daily quizzes and participation points during **almost** every class starting the 2nd day of class. For the most part, these points will consist of 5 multiple-choice questions (covering information from the previous lecture), given during the 1st 5 minutes of class and answered using your smart device (phone, tablet or laptop). These quizzes are available for both the people who show up in-person and those who show up for the livestream. There will also be an exit ticket that you will fill out at the end of each class (livestream students will also do this). If you are not present for BOTH of these, you will not get full credit. In addition, you will also have video lectures to watch weekly w/quizzes after each. The points from daily and video lecture quizzes and exit tickets will be added together to form your Participation Activity points. Participation Activities will be worth 7% of your final grade. To allow for unforeseen circumstances, you will be able to drop your 6 lowest Participation Activity Scores from your final grade.

Grades: Your final grade will be assigned based on the total number of points earned during the course and the weight of each of the assignments. You will be assigned to the letter grade corresponding to your % of total points according to the table below:

<u>Points Earned</u>	<u>Grade</u>
90% or above	A
80% - 89%	B
70% - 79%	C
60% - 69%	D
59% or less	F

### **Class Policies**

Zoom: Office hours will be conducted on Zoom in both drop-in format and by appointment (see top of page 1). The link to drop-in hours is at the top of the syllabus. You only need to click on the link during the allotted time (see 1st page) to see me during drop-in hours. You may have to spend time in the waiting room if I'm with another student. You can also make a specific appointment during one of my available times. See the link to my calendar (at the top of this syllabus) to sign up for a specific appointment. The link to the Zoom session for our appointment will be in the description of your appointment once you have signed up.

Canvas: All students who are on the class roster will receive an invite to enroll in the Canvas site for this course. Please make sure you do this before the 1st class meeting. Quizzes, In-Depth Activities and exams will be completed here. In addition, you will also be able to access course documents, topic outlines, internet links, handouts and your grades at this site.

LaunchPad All activities will be completed at the LaunchPad website for the textbook required for this course. All students are required to have an access code for this website (textbooks purchased at the bookstore come with the access code for no additional price). In addition, if you purchased your textbook through a source other than the Linn-Benton Community College bookstore, you will be required to purchase the access code separately. The access code comes with access to the e-book, so those students who do not wish to have a paper version of the textbook can purchase the access code directly from the publisher.

Cheating/Plagiarism: Do your own work! Using someone else's work as your own or using information or ideas without proper citation (which is called plagiarism) can lead to your failing the assignment, test or class. Bibliographies **and** in-text citations are required **whenever you use outside sources, including internet sources** (unless otherwise indicated by me).
